The image is a screenshot of the Visual Studio 2010 IDE. The top window, titled 'Program.cs', displays the following C# code:

```
using System;

class Program
{
    static void Main(string[] args)
    {
        Console.WriteLine("Hello World");
        Console.ReadKey();
    }
}
```

The bottom window, titled 'file:///c:/users/88013/documents/visual studio 2010/Projects/Hello World/Hello World/bin/Debug/Hello World.EXE', shows the output of the program: 'Hello World'.

At the bottom left of the IDE, the zoom level is set to 177%.
